

Hi friends,

The NS Division is starting a short monthly email bulletin, called **Clinical Notes** . We get constant requests to send clinical info to 'all NS GPs'.

So we'll present important updates – very brief bullet points, plus clickable links providing more detail.

We'll keep them on www.divisionsbc.ca/northshore and www.deanbrown.ca , for future reference.

We welcome your feedback.

So here's the first edition.

Best regards,

Margaret English,

Coordinator

NS Division of Family Practice

CLINICAL NOTES – July 2012

- **Nurse Practitioner in Evergreen House and Community**
 - 6 month trial starting June 2012
 - To support GP, not to carry a caseload.
