

### ***Rapid Access Orthopedic Consultation (ROCC) Clinic - A Shared Care Initiative***

On Tuesday, June 4th, 2013, 80 GPs, orthopedic surgeons, and support staff attended the North Shore Division of Family Practice Dine and Learn at the Pinnacle Hotel at the Pier on the opening of the ***Rapid Access Orthopedic Consultation (ROCC) Clinic - A Shared Care Initiative***. Orthopedic surgeons from Pacific Orthopedic and Sports Medicine were joined by ROCC Screening Physician Dr. Michelle Brousson to share some of the tools that have been developed thus far such as a centralized referral system, a standardized referral form (see attached ROCC Referral Form), screening, referral acknowledgement, and an ortho advice line followed by some discussion on next steps. Please see the attached pdf of the PowerPoint presentation for more information.

#### **POSM Advice Line vs. ROCC**

If you need answers to a question, please contact the POSM Advice Line. No referral is required. If your patient needs consultation, send non-urgent cases to the ROCC. For urgent cases, please call.

To contact the **Rapid Orthopedic Consultation Clinic (ROCC):**

**ONE REFERRAL FORM (see attached)**

**ONE FAX NUMBER (604) 980-0531**

**ONE PHONE NUMBER (604) 980-0504**

**Website [www.pacificortho.ca](http://www.pacificortho.ca)**

Rapid Orthopedic Consultation Clinic (ROCC)
